Stewardship along the Trail

We are all stewards of the land and water, and we are committed to maintaining the integrity of the Moses Lake Water Trail. To become a part of this special place on the water in Moses Lake, please follow these guidelines:

To encourage people to experience Moses Lake while preserving the natural environment and building better health;

To provide access to local waterways for recreation and education;

To enhance a strong stewardship ethic for the natural beauty of our lake;

To highlight places of interest along and environmentally sensitive areas. View and environmentally friendly ways to swimmers.

Goals for the Water Trail

To encourage residents, communities, and resource agencies to work together to support improvements to sites and facilities that benefit small, non-motorized recreation and education.

To support a regional water trail system.

To encourage people to experience Moses Lake while preserving the natural environment and building better health.

To provide access to local waterways for recreation and education.

To enhance a strong stewardship ethic for the natural beauty of our lake.

To highlight places of interest along and environmentally sensitive areas. View and environmentally friendly ways to swimmers.
